ASL Interpretation Provided

In the first annual production of The Coming Out Monologues, a group of students, faculty, staff and community members are collaborating to present various aspects of the coming out process. We have included stories from numerous and unique backgrounds and perspectives, including coming out as an ally, as straight, or as just sexually different from the norm, from the perspectives of friends of people in the LGBTQIA community, as well as members of the LGBTQIA community itself. The monologues will be performed as a celebration of identity at the end of the Day of Silence.

Parking \$5 in Lot 1. Presented by Queer Alliance and the LGBT Resource Center.
